DODGE CITY

WILL HAVE

THREE NEW RAILROADS

DURING THE YEAR 1887

This is an era of wonderful progress. Year after year there is a marked increase in the forces of energy. Enterprise begets enterprise, and strife leads on to manifold strife, until the doomed future seems inevitable under the great strain on the human forces and energy. But there seems also a recuperative force made necessary by the exhaustion. New issues spring up to divide the attention of the people, and to remove the groove-like tendency of the past age. Human character is building up on a wider plain, and with grander and nobler purposes. To keep in the spirit of the age we must make all conditions assimilate. New countries, new people, new blood, will, from generation to generation, build a character far in advance of the last century.

The Americans are the coming race. Their migratory character will save them from that degeneracy which comes from long impoverished overcrowded countries. Here in the New West has been laid the foundation for a character that will eclipse all history in fifty years hence. Here, in the center of the great American continent is laid the future garden of the Western Hemisphere. Here, at Dodge City, A. D., 1887, is laid the corner stone of a structure which will become world-famous. The great iron trails are pushing from the east to the west, and here at Dodge City is the intersecting line, in the stride of these iron bands across the continent.

We continue to repeat, and with this repetition the future of three months will bear us out, that Dodge City, during the year, 1887, will have three additional lines of railroads.

Dodge City is the child of destiny. It is in the decree of fate that Dodge will be a railroad centre. In two years this city will have six railroads, and perhaps eight railroads; and we continue to make this statement, it being no idle, vain boast. We have been sounding the note, and we will repeat week after week, that as sure as the noontide sun will shine to-morrow, that Dodge City is the coming city in Western Kansas, a RAILROAD CENTRE, of whose reputation we shall all be proud.

The Murray Temperance bill was published, officially, in the Topeka Capital of Tuesday morning, and is now the law of the State. —Champion.

No, it don't take effect till March 30th. —Commonwealth.

Both wrong. The law takes effect March 31st. —Atchison Patriot.

Section 11 of the law in question, as published in the official State paper, is as follows: "This act shall take effect and be in force on March 30, 1887, and after its publication in the official State paper."

ARBOR DAY.

Governor Martin has issued his proclamation designating Thursday, April 14, as Arbor Day. He says in his proclamation: "The planting of trees is a work which should enlist the interest and energies of all citizens of Kansas, and I earnestly hope that Arbor Day will be properly and generally observed."

A RAILROAD TO MONTEZUMA.

A meeting was held in the city Monday evening, and a conference had with a number of citizens of Montezuma, Gray county, on a proposition to build a railroad from Dodge City to Montezuma, a thriving town 27 miles southwest of Dodge City. A committee was appointed to perfect an organization. J. H. Williams and J. A. McDonald, of Montezuma, were present at the meeting. The building of a railroad to the Southwest would make Dodge City a supply point to the towns in the Southwest.

A ROAD FROM DODGE CITY

To the Southeast.

The Ford Gazette says of a new railroad project: Some railroad men were in town yesterday and from them we learned of a new railroad project that will be of vast benefit to Ford. They were very uncommunicative, but enough was learned that a survey would be made in a few days, from Dodge City, through Ford, and on southeast into Comanche county. The new line will pass in between Corbitt and Colcord. From the best information it is believed to be a project of the Border railroad. At all events we are promised full information inside of ten days or two weeks. Look for it! Wait for it!

These to be voted for in all the wards at large. There in each ward there will be elected: One member of the city council. One member of the school board. The office of mayor is far the most important, as the mayor has the appointment of the city attorney, marshal, street commissioner, city clerk, etc.

MRS. SAXON'S SUCCESS AT DODGE CITY.

At no point in Kansas have the citizens been more thoroughly aroused than at Dodge City. Mrs. Saxon recently spent three days here holding meetings. She held a women's meeting which was so entirely successful that she was earnestly requested to hold a separate meeting for men also which she did. So thoroughly were the women aroused by her efforts that they demanded the saloons to be closed at once, and assisted by the law-abiding men as they will be, and armed with the ballot, (as they are registering in great numbers) Dodge City like law-defying Leavenworth, will have to surrender to law and order, and Kansas will be free from saloon curses. Mrs. Saxon organized a strong equal suffrage club in Dodge City which bears the name of "The Saxon Equal Suffrage Club" in honor of its founder and wonderful success in the good work she is doing.—Topeka Capital.
